

Jigsaw PSHE 3-11

Knowledge and Skills

Progression Map

Jigsaw PSHE 3-11

Skills and Knowledge Progression Map

Jigsaw, the mindful approach to PSHE, is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within all six Puzzles (units of work) including the key vocabulary used in each year group; explicit links to the [DfE statutory Relationships and Health Education outcomes 2026](#) have been made in each Puzzle.

INTENT: Jigsaw holds children at its heart, and its cohesive vision helps children understand and value how they fit into and contribute to the world. With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration, focus and self-regulation. These opportunities for spiritual, moral, social and cultural (SMSC) development and emotional literacy are integral to children's understanding of themselves and others and to increasing their capacity to learn..

IMPLEMENTATION: Jigsaw 3-11 offers a comprehensive programme for Primary PSHE, including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others. Every lesson offers opportunities for SMSC development, clearly mapped and balanced across each year group, alongside structured opportunities to practise and enhance the five skills associated with emotional literacy: self-awareness, social skills, empathy, motivation and managing feelings. We encourage schools to adapt the materials to make them suitable to the needs of the children in their class.

IMPACT: This can be established through assessment identified in the key learning. This can include pupil voice, informal assessment, reviewing behaviour records and attendance.

This progression map illustrates how knowledge, skills and vocabulary develop across the programme from Early Years through to Year 6, showing how learning is revisited and extended year on year. The document is fully editable so that schools can adapt it to reflect how they tailor Jigsaw PSHE for their own school community. The evidence sources and enrichment ideas included for each Puzzle are examples rather than an exhaustive list, and schools may wish to add their own, or get in touch with us for further sources of research and data.

Similarly, the statutory RSHE links provided for each Puzzle indicate the strongest connections but do not represent a complete mapping. For the full mapping of Jigsaw PSHE to each of the [DfE's RSHE July 2025](#) statutory statements, which we have abbreviated for space in this document, please refer to the [RSHE Mapping Documents](#) available in the Community Area on the Jigsaw portal.

Being Me in My World Puzzle – Autumn 1

About this Puzzle

This Puzzle opens each academic year by establishing the foundations for everything else in Jigsaw PSHE: belonging, emotional safety and shared expectations. Children explore what it means to be part of a class, a school, a wider community and, as they progress, a global community. Through creating the Learning Charter together, they experience democracy, British Values, rights and responsibilities, and how this related to the rule of law. Alongside this, they develop the emotional literacy to recognise and manage feelings, understand how their behaviour affects others, and build the self-respect and empathy that underpin all healthy relationships.

Key evidence sources for this Puzzle (and throughout the year)

- [EEF Improving SEL in Primary Schools \(2021\)](#) — Universal, explicit teaching of social and emotional learning in planned lesson time has a positive impact on both wellbeing and academic success, across the five CASEL competencies, also reflected in [HM Government and CYP Mental Health Coalition’s](#) report into the impact of a whole school approach to PSHE
- [NCB Belonging Matters \(2024\)](#) — Schools that actively foster belonging provide the foundation for confident, capable individuals — directly underpinning the Charter and community focus of this Puzzle.
- The Sutton Trusts [Life Lessons report 2024](#) brought together research and recommendations for developing oracy as part of improving communication, resilience, motivation and confidence for children from lower socio-economic backgrounds. Oracy is a building block for academic progression and preparation for citizenship; collaborative dialogue, as modelled through the Jigsaw Charter and class discussions, supports every child's engagement.
- Mental health is a core focus of Jigsaw PSHE, reflecting the growing recognition of its importance in children's overall development and academic success. Jigsaw's approach incorporates mindfulness practices, supported by research from [The Mindfulness Initiative](#)

Wider curriculum and enrichment

- Strong links to citizenship, British Values (democracy, rule of law, individual liberty, mutual respect) and the UNCRC
- Opportunities for pupil voice through School Council, class discussions and the Learning Charter
- Invite school leaders, local community representatives and local government figures to enrich learning

Jigsaw+ and further resources

- Mapping overviews for [British Values](#) and [UNCRC](#) content
- Articles mapping non-statutory Citizenship Guidance and financial education to Jigsaw PSHE
- Additional teaching materials in [the Citizenship area](#) of Jigsaw+, including Democracy assemblies and whole-school focus ideas
- [Belonging content](#) and [Pupil Voice](#) materials in Jigsaw+
- [Additional lesson](#) on Fireworks in Jigsaw+
- Assemblies on Fireworks and Vaccinations coming Summer 2026
- Puzzle-specific [weekly assemblies](#) available in Whole School Resources

Statutory mapping

The most closely linked statutory expectations are summarised below, but for more thorough mapping and the full wording of every standard, go to the [RSHE Mapping Document in the Community Area](#).

Strongest RSHE 2025 Relationships contributions	CF 2 – Importance of friendships, not excluding others. CF 3 – Feeling lonely is normal and not shameful. RKR 1 – Paying attention to other people's feelings and treating them with sensitivity. RKR 2 – How their behaviour affects other people. RKR 4 – Difference between assertive and controlling (enhanced 2026).	RKR 5 – Expecting to be treated with respect by others and treating others with respect. RKR 6 – Practical steps to improve or support relationships RKR 7 – Conventions of courtesy and manners (new explicit teaching 2026). RKR 8 – Self-respect and its link to happiness.	BS 1 – Appropriate boundaries in friendships BS 4 – How to respond safely to adults. BS 6 – How to recognise and report unsafe feelings. BS 7 – Where to get advice.
Strongest RSHE 2025 Health contributions	GW 1 – How to help others in an emergency. GW 3 – Range and scale of emotions; worrying and feeling down are normal.	GW 4 – Vocabulary to describe feelings to others and how to judge appropriate/proportionate responses. GW 5 – Benefits of community participation, volunteering.	GW 6 – Loneliness can affect children and how to address it (enhanced 2026). GW 9 – Where and how to seek support, including who in school to speak to. PS 1 – Identifying hazards and risks (contributing, Ages 10–11).

Puzzle	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
--------	------	--------	--------	--------	--------	--------	--------

<p>overview</p> <p>Being Me in My World</p>	<p>In this Puzzle (unit), the children learn about how they have similarities and differences from their friends and how that is OK. They begin by working on recognising and managing and naming their feelings. The children learn about working with others and why it is good to be kind and use gentle hands. They discuss children’s rights, especially linked to the right to learn and the right to play. The children learn what it means to be responsible.</p>	<p>In this Puzzle, children are introduced to their Jigsaw Journals and explore what helps them feel special, safe and calm in their class. They learn what it means to belong and understand their rights and responsibilities as class members.</p> <p>Children think about welcoming others, keeping their classroom safe for learning, and how their views are valued when contributing to the whole-school Learning Charter.</p> <p>They explore feelings linked to rewards and pride, reflect on their choices, and recognise emotions that can arise from consequences.</p> <p>By the end of the Puzzle, children understand their role in creating a positive, respectful and safe school community, with the Learning Charter as the shared outcome.</p>	<p>In this Puzzle, children reflect on their hopes and fears for the year and learn how to recognise feelings of worry and seek help. They explore belonging in their class and school community, developing an understanding of rights and responsibilities and making positive contributions.</p> <p>Across the six Pieces, children discuss rewards and consequences, consider how choices affect themselves and others, and explore what makes a classroom safe and fair. Children then learn how the Learning Charter supports learning and boundaries.</p> <p>By the end of the Puzzle, children understand their role in creating a positive school community, with the whole-school Learning Charter as the shared outcome.</p>	<p>In this Puzzle, children reflect on their worth and achievements, set personal goals, and learn how to make others feel welcome. They explore emotions linked to worries and fears and think about what helps a school feel safe and supportive.</p> <p>Children compare nightmare and dream schools, develop an understanding of rights and responsibilities, and consider how behaviour and choices affect others. They work together to create and follow their Learning Charter, focusing on teamwork, fairness and inclusion.</p> <p>By the end of the Puzzle, children recognise how their actions impact others, consider different viewpoints, and take responsibility for following the whole-school Learning Charter.</p>	<p>In this Puzzle, children explore what it means to be part of a class team, reflecting on inclusion, friendship and how their actions affect others. They learn about roles in school and how to contribute to their community.</p> <p>Across the six Pieces, children explore rights, responsibilities and democracy, including how to share their own thoughts, opinions and ideas. They consider how rewards and consequences influence behaviour and practise empathy.</p> <p>By the end of the Puzzle, children understand how responsible choices and participation benefit their school community, with the Learning Charter as the shared outcome.</p>	<p>In this Puzzle, children look ahead to the year, setting personal goals and reflecting on what they value about their school community. They explore leadership, motivation and how to approach challenges positively.</p> <p>Across the six Pieces, children learn about rights and responsibilities as citizens and develop empathy for people whose lives are different from their own. They consider fairness, privilege and disadvantage, and how choices affect themselves and others.</p> <p>Children examine how rewards and consequences influence behaviour and work together to create and follow their Learning Charter, focusing on cooperation and having a voice.</p> <p>By the end of the Puzzle, children understand how democracy and shared expectations support a positive school community, with the whole-school Learning Charter as the shared outcome.</p>	<p>In this Puzzle, children reflect on the year ahead, identifying goals, worries and fears and exploring how to feel welcome and valued.</p> <p>Across the six Pieces, children explore what it means to be a global citizen, comparing wants and needs, learning about children’s rights, and considering how their choices affect people locally and worldwide.</p> <p>Children then explore how rights, responsibilities, rewards and consequences connect to the Learning Charter, working collaboratively to agree shared expectations and safe behaviour.</p> <p>By the end of the Puzzle, children understand how democracy and modelling positive choices support a strong school community, with the whole-school Learning Charter as the shared outcome.</p>

<p>Emotional Literacy</p>	<p>We have a section to support Emotional Literacy with a whole-school progression document which includes words which have been carefully chosen to help pupils explore the topics within each Puzzle, whilst also equipping them with language that matters for their relationships and understanding of the world around them. By using this vocabulary consistently, teachers will be actively supporting children's emotional literacy, giving them the words they need to understand and express how they feel.</p>						

Celebrating Difference Puzzle – Autumn 2

About this Puzzle

Celebrating Difference helps children understand, respect and value diversity. Running in Autumn 2, it aligns naturally with Anti-Bullying Week and provides a rich context for exploring similarities and differences in families, cultures, abilities, appearance and beliefs. Children learn what bullying is and isn't (including cyberbullying) and develop the language and strategies to challenge it, support those affected, and seek help. As they progress, pupils examine stereotypes, prejudice, discrimination and protected characteristics, building empathy and critical thinking to stand up for fairness and inclusion.

Key evidence

- [Anti-Bullying Alliance report related to the Good Childhood Report 2024](#) – Summary and links to further data, including that a quarter of young people aged 15 yrs experience bullying in the UK according to PISA
- [Young People's RSE Poll \(2024\)](#) – 69% of young people agree children should question gender stereotypes; 56% support same-sex relationship examples in teaching.
- The [Office for National Statistics \(ONS\)](#) data shows that 16% of UK families are lone-parent families, equating to 4-5 families in a class of 30. This diversity extends to same-sex parents, foster parents, and various family structures within the wider community. Jigsaw PSHE recognises this diversity, ensuring all family types are equitably represented and valued in its curriculum.
- [UK Safer Internet Centre Research](#) - has links to further research, stating that 12% of young people in the UK are affected by cyberbullying, underlining the need for cyberbullying education from an early age.

Wider curriculum and enrichment

- Strong links to [citizenship](#), [protected characteristics](#) (Equality Act) and [British Values](#) (mutual respect, tolerance)
- Supports work on [preventing racism](#), challenging stereotypes and fostering inclusive school culture
- Invite visitors from the local community to represent diverse cultural groups and support [Anti-Bullying Week](#) themes

Jigsaw+ and further resources

- Articles on the Jigsaw approach to [protected characteristics](#), [preventing racism](#), [autism awareness](#) (with additional lessons) and [gender identity](#)
- Additional content in Jigsaw+ [Belonging](#) section: Anti-Bullying Week (updated annually), Autism, Success
- [Critical Thinking](#) lessons from the Open Minds Foundation in the [Citizenship](#) area:
- Puzzle-specific [weekly assemblies](#) available in Whole School Resources

Statutory mapping

The most closely linked statutory expectations are summarised below, but for more thorough mapping and the full wording of every standard, go to the [RSHE Mapping Document](#) in the Community Area.

Strongest RSHE 2025 Relationships contributions	<p>FPCM 2 – Characteristics of healthy family life, including that families may look different.</p> <p>FPCM 3 – Others' families, either in school or wider world, sometimes look different and should be respected.</p> <p>FPCFM 5 – Marriage and civil partnerships represent a formal and legally recognised commitment</p> <p>CF 2 – Importance of not excluding others, making new friends.</p>	<p>CF 5 – That healthy friendships are positive and welcoming.</p> <p>CF 7 – Recognising when a friendship is making them feel unhappy and how to get support</p> <p>RKR 2 – How their behaviour affects other people</p> <p>RKR 5 – Expecting to be treated with respect and treating others with respect, including those who are different.</p>	<p>RKR 9 – Different types of bullying (including cyberbullying), impact of bullying, responsibility of bystanders, and how to get help.</p> <p>RKR 10 – Understanding and challenging stereotypes.</p> <p>RKR 11 – How to seek help when concerned about violence or harm.</p> <p>OSA 1 – Same principles apply online as face-to-face, including respect and avoiding pressure.</p>				
Strongest RSHE 2025 Health contributions	<p>GW 3 – Range and scale of emotions.</p> <p>GW 4 – Vocabulary to describe feelings.</p>	<p>GW 7 – Bullying has a negative and often lasting impact on mental wellbeing.</p> <p>GW 9 – Where and how to seek support.</p>	<p>WO 1 – Strategies for managing screen time and recognising signs of too much.</p> <p>WO2 – What age restrictions/ratings mean; minimum age for social media.</p> <p>WO 8 - Impact of spending too much time online on mental health and wellbeing.</p>

Emotional Literacy	We have a section to support Emotional Literacy with a whole-school progression document which includes words which have been carefully chosen to help pupils explore the topics within each Puzzle, whilst also equipping them with language that matters for their relationships and understanding of the world around them. By using this vocabulary consistently, teachers will be actively supporting children's emotional literacy, giving them the words they need to understand and express how they feel.						

Dreams and Goals – Spring 1

About this Puzzle

Dreams and Goals helps pupils to learn how to and practice building their resilience, motivation and ambition. This Puzzle plays an important role in PSHE well beyond RSHE statutory guidance, helping children set goals, develop a growth mindset, and manage the emotions that come with both achievement and disappointment. Pupils consider wants and needs, explore jobs and careers, and learn how teamwork, enterprise and community participation can make a difference. Financial education is woven through, helping children understand how money, spending decisions and career choices shape the lives we build. As they progress, children examine how opportunities and barriers differ across cultures and develop empathy for those whose aspirations look very different from their own.

Key evidence

- [UK Strategy for Financial Wellbeing \(Money & Pensions Service\)](#) – wide range of research, including the links between [physical health and financial wellbeing](#) and reports on the complexities for children about learning about money, and need for financial education especially for those from low income families.
- [World Economic Forum Future of Jobs 2025 Report](#) – Top future workplace skills include analytical thinking, creative thinking, resilience, flexibility and agility, along with curiosity and lifelong learning - all developed explicitly through this Puzzle.
- [Children's Commissioner's Big Ask survey](#) reveals that children prioritise having a good job or career when they grow up.

Wider curriculum and enrichment

- Links to **citizenship** through community participation, enterprise, fundraising and understanding different roles in society
- Invite people from different **voluntary and paid roles** in the community to broaden children's understanding of work and service

Jigsaw+ and further resources

- Additional **financial education** lessons in the Jigsaw+ [Citizenship](#) section:
- Puzzle-specific [weekly assemblies](#) available in Whole School Resources

Statutory mapping

Puzzle overview Dreams and Goals	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
	<p>In this Puzzle, the children consider challenges and facing up to them. They discuss not giving up and trying until they have achieved their goal. The children are encouraged to think about jobs that they might like to have when they are older and are taught to associate what they learn now with being able to have the job they want. They also talk about achieving goals and the feelings linked to this.</p>	<p>In this Puzzle, children explore what success means to them, learn how to set simple goals and recognise their own strengths. They practise breaking goals into steps, trying new challenges and understanding how learning can feel “stretchy”, with challenge as a sign our brains are growing.</p> <p>Across the six Pieces, children work with others, celebrate achievements and reflect on how perseverance and a positive attitude help them overcome obstacles. They talk about feelings linked to challenge and success and learn how to support friends in reaching their goals.</p> <p>By the end of the Puzzle, children will have created stretchy learning flowers and dream wellies that they can contribute to the whole school Garden of Dreams and Goals, celebrating effort, resilience and confidence.</p>	<p>In this Puzzle, children learn how to set realistic goals, recognise their strengths and reflect on achievements. They explore how healthy choices, motivation and perseverance help them succeed and consider how working with others can support learning.</p> <p>Across the six Pieces, children practise teamwork through group challenges, develop problem-solving skills and learn how relaxation and managing feelings can support wellbeing. They reflect on pride, courtesy and sharing success with others.</p> <p>By the end of the Puzzle, children create a shared Garden of Dreams and Goals with Dream Birds, celebrating effort, cooperation and achievement.</p>	<p>In this Puzzle, children explore people who have overcome challenges and reflect on their own dreams and ambitions. They consider how goals, motivation and a positive attitude support success, and learn to respect differences and build self-esteem.</p> <p>Across the six Pieces, children break goals into steps, work collaboratively on new challenges and make responsible choices that support wellbeing and safety. They practise overcoming obstacles, managing frustration and helping others to succeed.</p> <p>By the end of the Puzzle, children will have contributed their garden designs to the shared Garden of Dreams and Goals, celebrating learning, resilience and achievement.</p>	<p>In this Puzzle, children explore their hopes and dreams and learn how feelings such as excitement, anxiety and disappointment can accompany them. They develop resilience by reflecting on setbacks, coping strategies and how support from others can help them move forward.</p> <p>Across the six Pieces, children practise creating new plans, setting achievable goals and working collaboratively on group challenges. They reflect on the importance of perseverance, positive attitudes and self-belief whilst helping themselves and others to succeed.</p> <p>By the end of the Puzzle, children celebrate shared achievements by sharing their Potato people to the Garden of Dreams and Goals, recognising effort, wellbeing and teamwork.</p>	<p>In this Puzzle, children explore the lifestyles they hope for as adults and consider how money, careers and personal values can shape future choices. They investigate different jobs, think critically about information online and reflect on how goals can change over time.</p> <p>Across the six Pieces, children compare aspirations with young people in other cultures, learning about rights, opportunities and barriers. They explore ways to support others through teamwork, fundraising and community action.</p> <p>By the end of the Puzzle, children work together to rally support for shared causes and share these ideas, developing motivation, empathy and responsibility within the Garden of Dreams and Goals whole school puzzle outcome.</p>	<p>In this Puzzle, children set ambitious but realistic personal learning goals and identify steps to success, reflecting on motivation, strengths and perseverance. They explore global issues that matter to them and consider how these affect people’s lives.</p> <p>Across the six Pieces, children work collaboratively to plan fundraising and awareness projects, developing empathy, leadership and teamwork while learning how to make a positive difference in the world.</p> <p>By the end of the Puzzle, children recognise their own and others’ achievements in their shared planning for a school event and share this work in , the shared Garden of Dreams and Goals outcome.</p>

<p>Taught knowledge</p>	<p>Knowledge</p> <ul style="list-style-type: none"> • Know what a challenge is • Know that it is important to keep trying • Know what a goal is • Know how to set goals and work towards them • Know which words are kind • Know some jobs that they might like to do when they are older • Know that they must work hard now in order to be able to achieve the job they want when they are older • Know when they have achieved a goal 	<p>Knowledge</p> <ul style="list-style-type: none"> • I can set simple goals • I can set a goal and work out how to achieve it • I understand how to work well with a partner • I can tackle a new challenge and understand this might stretch my learning • I can identify obstacles which make it more difficult to achieve my new challenge and can work out how to overcome them • I can tell you how I felt when I succeeded in a new challenge and how I celebrated it 	<p>Knowledge</p> <ul style="list-style-type: none"> • I can choose a realistic goal and think about how to achieve it • I know what I need to keep my body healthy • I can recognise who I work well with and who it is more difficult for me to work with • I can work well in a group to create an end-product • I can show or tell you what relaxed means and I know some things that make me feel relaxed and some that make me feel stressed • I know how to share success with other people 	<p>Knowledge</p> <ul style="list-style-type: none"> • I can tell you about a person who has faced difficult challenges and achieved success • I can identify a dream / ambition that is important to me • I enjoy facing new challenges. Healthy Me Puzzle – Spring 2

About this Puzzle

Healthy Me covers both physical and emotional health, helping children understand how everyday choices affect their bodies and minds and how these two aspects are linked. Children learn about balanced diets, physical activity, rest, sleep, personal hygiene, dental health, sun safety and first aid, alongside the facts about drugs: starting with medicines and unknown substances moving to alcohol, tobacco and vaping and then illegal drugs. Equally important is the focus on emotional wellbeing: friendships, peer pressure, body image, relationships with food, and strategies for managing stress and anxiety. Safety education runs throughout, with the Safety STAR framework (Stop, Think, Assess, React) helping children identify hazards and manage risk across contexts including road, water, fire and rail safety. This Puzzle is where RSHE Health Education statutory guidance is most broadly represented, but Jigsaw ensures that the emotional and social learning is embedded, so building children's confidence, self-respect and agency to make informed, healthy choices for life.

Key evidence

- **Sport England Active Lives 2024/25** — Only 49.1% of children and young people meet daily physical activity guidelines, with disparities in participation among different groups.
- **NICE Guidelines (2022)** — PSHE plays a key role in addressing mental health needs early, reducing the long-term societal costs of untreated conditions.
- **ASH (Action on Smoking and Health) Research** — Most adult smokers start before age 18, reinforcing the importance of preventative education about smoking and vaping in primary schools, with further information available from [NHS England](#)
- The [PSHE Association's 2016](#) evidence review on the research into the key principles of Preventative education is reflected throughout Jigsaw PSHE, and relates particularly to the Healthy Me Puzzle

Jigsaw+ and further resources

- The **Keeping Healthy and Safe** section in Jigsaw+ offers considerable scope to adapt and extend, including additional content on: Vaping and other substances, Healthy teeth and gums, Mega Movers (physical activity), Road safety, sun safety and water safety, Knife crime (for schools who feel this is appropriate in agreement with their school community), Linking content to e-bug resources
- **Safety assemblies** on water safety and fire safety coming Summer 2026
- Puzzle-specific [weekly assemblies](#) available in Whole School Resources
- Enrich learning through visitors such as first aiders, dentists, fire/police/ambulance services, doctors, nurses, pharmacists and the RNLI

Statutory mapping

The most closely linked statutory expectations are summarised below, but for more thorough mapping and the full wording of every standard, go to the [RSHE Mapping Document in the Community Area](#).

Strongest RSHE 2025 Relationships contributions	CF 1 – Characteristics of healthy friendships (friendship groups, roles)	RKR 1 – Paying attention to others' feelings. RKR 8 – Self-respect and its link to happiness (body image, self-esteem content).	BS 6 – How to recognise and report feelings of being unsafe. BS 7 – Where to get advice
Strongest RSHE 2025 Health contributions	GW 1 – How to help others in an emergency. GW 2 – Helping other people with their mental health. GW 3 – Range of emotions. GW 5 – Benefits of physical exercise, time outdoors, community participation. GW 6 – Isolation and loneliness can affect children. GW 9 – Where and how to seek support. GW 10 – Common for people to experience mental ill health. WO 3 – Risks from people online who use technology to bully, manipulate, groom or abuse.	WO 4 – How to recognise harmful content including AI-generated content. WO 7 - How to report concerns about content or contact online. PHF 1 – Importance of building regular physical activity into daily and weekly routines. PHF 2 – Risks associated with an inactive lifestyle. PHF 3 – How and when to seek support for physical activity. PHF 4 – Types of physical activity including those accessible to all. HE 1 – What constitutes a balanced diet. HE 2 – Making healthier choices about food and drinks. HE 3 – Range of factors that influence dietary habits. HE 4 – Understand importance of not feeling shame about food or eating habits. DATV 1 – Facts about legal and illegal harmful substances including tobacco, vaping, nicotine pouches, alcohol and drugs.	HPP 1 – How to look after and take responsibility for personal hygiene. HPP 2 – Importance of staying safe in the sun. HPP 3 – Importance of sleep and good sleep hygiene. HPP 4 – About dental health and importance of dental hygiene. HPP 5 – How common illnesses are spread and can be treated. HPP 6 – About immunisation and vaccination. PS 1 – Identifying hazards and risks to personal safety, including online. PS 2 – Road, water, fire, rail safety including Safety STAR framework. BFA 1 – Basic first aid concepts and basic treatment of common injuries. BFA 2 – How to make a call to emergency services.

Puzzle overview	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Healthy Me	In this Puzzle, children learn about their bodies: the names of some key parts as well as how to stay healthy. They talk about food and that some foods are healthier than others. They discuss the	In this Puzzle, children learn what it means to be healthy, exploring food, exercise, sleep and everyday choices that help their bodies and minds.	In this Puzzle, children learn about healthy eating, balanced diets and making healthier food choices, including nutritious foods. They explore how to keep safe at home and outside, learning to recognise risks and	In this Puzzle, children learn how exercise and food affect their bodies, exploring energy, fitness and making balanced choices. They consider attitudes towards drugs and reflect on how these make them feel.	In this Puzzle, children explore friendships, group dynamics and the emotions linked to belonging, trust and feeling left out. They consider how peer influence can affect choices and learn ways to stay	In this Puzzle, children learn about the health risks linked to smoking, vaping and alcohol, and practise making informed, pressure-resistant choices. They develop basic emergency aid skills, including how to stay calm and get help.	In this Puzzle, children learn to take responsibility for their physical and emotional wellbeing, exploring how choices, prevention and healthy habits support long-term health. They develop understanding of different types

	<p>importance of sleep and what they can do to help themselves get to sleep. They talk about hand washing and why it is important. Emotional Literacy	We have a section to support Emotional Literacy with a whole-school progression document which includes words which have been carefully chosen to help pupils explore the topics within each Puzzle, whilst also equipping them with language that matters for their relationships and understanding of the world around them. By using this vocabulary consistently, teachers will be actively supporting children's emotional literacy, giving them the words they need to understand and express how they feel.						

Relationships Puzzle – Summer 1

About this Puzzle

Relationships is where RSHE Relationships Education is most fully expressed. Children explore the full range of relationships in their lives; families, friendships, communities and, as they grow, early ideas about romantic relationships, learning what makes these healthy, safe and respectful. They develop skills to negotiate, compromise, manage conflict and repair friendships, while learning to recognise when a relationship is making them unhappy or unsafe, and where to get help. Digital literacy and online safety become increasingly prominent, covering screen time, social media, online friendships, data privacy, recognising harmful or AI-generated content, and knowing how to respond when something online feels worrying. This Puzzle also addresses love, loss and bereavement.

Key evidence

- [Ofcom Children's Media Use & Attitudes \(2025\)](#) — 96% of 6-7 yrs olds going online by ages 6-7yrs; 42% of 8 – 9 year olds own a mobile phone; many use social media despite age restrictions.
- [2024 Teaching Relationships to prevent Sexual Abuse](#) draws together guidance to show that good RSE is best as part of a wider programme of PSHE.
- [Young People's RSE Poll \(2025\)](#) — Young people tell us they want RSE to start sooner. The SEF Young People's RSE Poll 2025 found that 65% of 16–17 year olds had learnt nothing or not enough about skills for ending relationships or friendships, and 11% had no helpful source of information at all about managing their feelings.
- [Ofsted's review of sexual harassment and abuse in schools](#) found evidence that the sharing of inappropriate images and videos is an issue in primary as well as secondary schools, calling for a carefully sequenced RSHE curriculum in response.

Wider curriculum and enrichment

- Links to **citizenship** through exploring communities, family diversity and challenging stereotypes
- Invite **families** in during this term for parent/carer events — an opportunity to demonstrate how the school community is made up of many different loving families

Jigsaw+ and further resources

- Additional content on **changing relationships** for upper KS2 in [Keeping Healthy and Safe](#)
- Additional **digital literacy lessons** in Jigsaw+
- **Critical Thinking lesson plans** from the Open Minds Foundation in the Citizenship area
- Puzzle-specific **weekly assemblies** available in Whole School Resources

Statutory mapping

The most closely linked statutory expectations are summarised below, but for more thorough mapping and the full wording of every standard, go to the [RSHE Mapping Document in the Community Area](#).

Strongest RSHE 2025 Relationships contributions	<p>FPCM 1 – Importance of loving, stable families for security, stability and love.</p> <p>FPCM 2 – Characteristics of healthy family life; families may look different.</p> <p>FPCM 3 – Others' families should be respected.</p> <p>FPCM 4 – People who are not part of family who support children (trusted adults).</p>	<p>FPCM 5 – Importance of stable, caring relationships in people's lives (marriage, civil partnership).</p> <p>FPCM 6 – How to recognise if family relationships are making them unhappy or unsafe, and how to seek help.</p> <p>CF 1–7 – All caring friendships requirements: characteristics, inclusivity, feeling lonely is normal, healthy friendships are welcoming, ups and downs, resolving disputes, recognising unhappy friendships.</p> <p>RKR 1–11 – Full range of respectful kind relationships requirements.</p>	<p>OSA 1 – Same principles apply online as face-to-face.</p> <p>OSA 2 – Rules and principles for keeping safe online</p> <p>OSA 3 – Minimum age for social media (currently 13).</p> <p>OSA 4 – Importance of caution about sharing information online; privacy and location settings.</p> <p>OSA 5 – How information and data is shared and used online.</p> <p>OSA 6 – Internet contains inappropriate content; where to go for advice.</p> <p>BS 1–7 – Full range of being safe requirements.</p>
Strongest RSHE 2025 Health contributions	<p>GW 3 – Range of emotions.</p> <p>GW 6 – Isolation and loneliness.</p> <p>GW 8 – Change, loss and bereavement can affect wellbeing.</p> <p>GW 9 – Where and how to seek support</p> <p>WO 1 – Strategies for managing screen time and recognising signs of too much.</p>	<p>WO 2 – What age restrictions/ratings mean; minimum age for social media.</p> <p>WO 3 – Risks from people online who use technology to bully, manipulate, groom or abuse.</p> <p>WO 4 – How to recognise harmful content including AI-generated content.</p> <p>WO 5 – Difference between real and online-only friendships.</p> <p>WO 6 – How to critically consider online friendships and sources of information.</p>	<p>WO 7 – How to report concerns about content or contact online.</p> <p>WO 8 – Impact of spending too much time online on mental health and wellbeing.</p> <p>WO 9 – Why social media and messaging are not suitable for all ages.</p> <p>WO 10 – How online content can be targeted at users and designed to attract attention.</p> <p>WO 11 – How to respond if online experience is worrying.</p> <p>PHF 4 – How to seek from adults if concerned about their health</p>

Emotional Literacy	We have a section to support Emotional Literacy with a whole-school progression document which includes words which have been carefully chosen to help pupils explore the topics within each Puzzle, whilst also equipping them with language that matters for their relationships and understanding of the world around them. By using this vocabulary consistently, teachers will be actively supporting children's emotional literacy, giving them the words they need to understand and express how they feel.						

Changing Me Puzzle – Summer 2

About this Puzzle

Changing Me supports children through the physical and emotional changes that come with growing up — from exploring life cycles in the early years through to learning about puberty, reproduction and the transition to secondary school. Children develop accurate, age-appropriate knowledge and the emotional vocabulary to feel confident about changes happening to their bodies and lives. Self-image, body confidence and challenging negative body-talk are important threads, alongside correct anatomical vocabulary, understanding privacy and consent, and recognising appropriate and inappropriate contact. The Puzzle also addresses wider changes in families, friendships and circumstances, helping children build strategies for coping and seeking support.

Note on Sex Education: Please check your school's policy on Sex Education before planning and teaching Piece 4 (Year 5) and Piece 3 (Year 6), and take into account arrangements for any pupils whose parents have chosen to withdraw them from these lessons.

Key evidence

- **NHS Guidance on Puberty** — Puberty can begin ages 8–13 for girls and 9–14 for boys; some girls start menstruation as early as Years 3 or 4. Statutory guidance requires teaching before onset.
- **Evidence on the influence of pornography on children and young people** reinforces the importance of age-appropriate sex education and body safety education from the earliest years
- **Sex Education Forum Young People's RSE Poll (2025)** - highlights that whilst puberty was the most fully covered RSE topic (71%), significant gaps remain — 41% learnt nothing or not enough about the correct names for genitalia and 36% about periods and menstrual wellbeing. Young people consistently called for earlier education on these topics.

Wider curriculum and enrichment

- Invite the **school nurse** to support learning about hygiene and puberty
- Invite **parents with a new baby** when considering life cycles
- **Transition materials** to support pupils meeting new class teachers and Year 6 pupils moving to secondary school: Belonging section of Jigsaw+

Jigsaw+ and further resources

- Additional lessons in **Keeping Healthy and Safe** in Jigsaw+: Hormones in Puberty, FGM and Sensitive Issues, Sun Safety and Water Safety
- **Safety assemblies** on water safety and fire safety coming Summer 2026
- Puzzle-specific **weekly assemblies** available in Whole School Resources

Emotional Literacy	<p>We have a section to support Emotional Literacy with a whole-school progression document which includes words which have been carefully chosen to help pupils explore the topics within each Puzzle, whilst also equipping them with language that matters for their relationships and understanding of the world around them. By using this vocabulary consistently, teachers will be actively supporting children's emotional literacy, giving them the words they need to understand and express how they feel.</p>						

Ages 11-12

Puzzle Overview	Being Me in My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
	<p>In this Puzzle, the children will be considering their own identity and the different things that may influence how they see themselves as well as how others see them. They will identify their own strengths and weaknesses and what it is that makes them unique, as well as how they are different from their friends and families.</p> <p>They will compare their own identities with other people's and consider how past experience and future aspirations affect different people's identities, how they view themselves and how they see and react to the world around them. Pupils will explore how they fit in with different groups locally and globally. Through discussing different identities and experiences, they will learn about ways to keep their independence of thought and action in different situations and relationships, whilst maintaining friendships and respect for others who may see things differently to themselves. There will be opportunities to consider the different expectations that people have of themselves and others and reflect on which of these are fair</p>	<p>In this Puzzle, pupils explore what is meant by discrimination, considering why it may happen and how it can affect themselves and others. The class consider how they would like to be treated by others and how it is important to take others' feelings and circumstances into account. Pupils practice assertiveness skills in given scenarios. They look at why positive and negative discrimination may take place, and the strategies they could use to challenge this and/or offer support to those involved. Pupils consider influences such as personal belief, stereotypes, the impact of the media, societal and cultural factors on prejudice and discrimination. They use these ideas to develop arguments and strategies to support their own viewpoints and develop a better understanding of how they may be able to recognise and challenge discrimination.</p>	<p>In this Puzzle, pupils consider the skills needed for 21st Century employment and delve deeper into their own skill set and consider how to improve it. They consider what they have already achieved, what their goals and dreams may be, and how they can plan for success in the short and long term. Pupils explore what motivates us to keep focussed and what intrinsic and extrinsic rewards there may be for them. They plan the steps they may need to take to achieve their goals, identifying possible obstacles and developing strategies they may need to overcome these and remain positive. Pupils reflect on the 'blame' culture and why personal responsibility and optimism is strongly linked to successful outcomes. Failure is also discussed from a positive angle, and pupils discuss ways of moving forwards and celebrating success.</p>	<p>In this Puzzle, personal choice in relation to health choices is expanded upon. Students discuss the need for accurate information when making decisions about their health and safety. They learn more about the damaging effects of some substances including cannabis and heroin. They also consider how mental health is linked with physical health and diet, and how this influences behaviour. They learn about a range of strategies to help them manage their emotional wellbeing, especially in relation to pressure, stress and anxiety. Safe use of over-the-counter medication is revisited in more depth and students also learn about vaccinations. A lesson on sleep deprivation allows children to understand how sleep affects both physical and emotional health and how this can influence choice.</p>	<p>In this Puzzle, children explore the different types of relationships they have with different people, and consider the qualities that they and others bring to these. They reflect on how their relationships with different friends and family members may change as they grow and how their emotions and experiences can affect how they manage different situations. They will explore different ways that their own feelings may change and how this could affect them. The Puzzle also explores when it is good to be assertive, and how they can express their feelings in a way that is constructive and reflects their role and/or responsibilities as they grow. Online relationships are also discussed, and how it is important to be discerning when looking at any content online.</p>	<p>In this Puzzle, pupils explore the kinds of changes that may happen to themselves and those around them as they get older. There is a lesson recapping on what happens to the body physically in puberty, and then they learn more about how their brains change, and consider how this may affect their emotions and behaviour. Pupils learn what influences these changes and develop strategies for self-regulation as well as exploring other sources of support. Self-image is revisited, and how this may change as we get older. This Puzzle also gives pupils the time to consider other external changes in the lives of themselves and others that they cannot control (such as changes in their family, moving house, moving to a new school etc.) and how they can use and develop different strategies and skills that they already have to prepare for these and move forwards positively.</p>

<p>Taught knowledge</p>	<ul style="list-style-type: none"> • Know that my identity (including online identity) is affected by a range of external and internal factors • Know what my own personal strengths, achievements and areas for development are • Know that other people see me in different ways and I can give and receive feedback • Know that other people can feel the same range of emotions as me, and might not respond in the same way as me to similar situations • Can better understand my own identity and what is important to me 	<ul style="list-style-type: none"> • Know about the wide range of roles in society and the variety of individuals that operate within them • Know what stereotyping means and its potential impact • Know that positive and negative discrimination can take different forms and how it can affect people's lives • Know how to challenge prejudice and discrimination assertively • Know how to challenge my own and others' attitudes and values, and accept difference in others • Recognise how others see me and be able to give and receive feedback • Know when others are being excluded and how I might help to change the situation so they are included (if they want to be) • Think 'outside the box' and able to look beyond obvious messages we see and hear 	<ul style="list-style-type: none"> • Know what my dreams and goals are • Know the steps I need to take to achieve my dreams and goals • Know that, as my life changes, my dreams and goals may change too • Can make a plan and adapt it when necessary • Know how to use my experiences, including my mistakes and setbacks, to make appropriate changes to my plans and behaviour • Know that there are intrinsic and extrinsic rewards and different types of motivation (coercive and positive) associated with different dreams and goals • I recognise the commitment required to achieve my dreams and goals 	<ul style="list-style-type: none"> • Know health can be affected by emotions • Know a range of ways to keep myself well and happy • Can recognise when I feel stressed and the triggers associated with this • Know about different substances and the effects they have on the body and why some people use them • Know about the positive impact of good nutrition on my body and mind • Know about the role of vaccinations and can explain differing views on this • Know what influences my choices about exercise and sleep • Know a range of factors I can use to help me sleep well 	<ul style="list-style-type: none"> • Know the characteristics and benefits of positive, strong, supportive, equal relationships • Know that the support we need may come from different sources as we grow and change • Know the value of different qualities that people bring to social groups • Know that media portrayal of relationships and choices may not reflect real life • Recognise when to use assertiveness techniques in some of my relationships • Recognise the roles that are played in many families and understand the role that I play • Know that changes take place in families, including loss, separation, divorce and bereavement 	<ul style="list-style-type: none"> • Know how my body changes in puberty • Know that I have my own image of myself and that may be different to how others see me • Know that changing circumstances have an impact on families and we sometimes need to adapt to these • Know that I have the right to change my mind • Know some ways that my brain is starting to change as get older • Know that I might experience different moods as I grow and change • Know that I have some skills that will help me manage transitions in my life
<p>Social and Emotional skills</p>	<ul style="list-style-type: none"> • Identify my own strengths and feel positive about them • Reflect on how I am a unique individual, and can think about and appreciate myself on many different levels • Be able to make sense of what has happened in my own life and understand how my own history has shaped how I see myself and how I feel and react to different situations • Can reflect on what is important for myself and what I can expect from myself • Able to find an appropriate level of independence from others while maintaining positive relationships • Know that I have choices about how I allow other 	<ul style="list-style-type: none"> • Identify what is important for me and what I expect from myself • Be assertive when appropriate • Understand that I have choices in how I allow others to influence me • Can take others' thoughts and feelings into account in how I manage my relationships • Able to see the world from other people's points of view and take account of their intentions, preferences and beliefs • Understand the impact bullying, prejudice and discrimination can have on those involved, and can use appropriate strategies to alleviate this and support those involved • I am confident about where and how to get help if I am on the receiving end of bullying, prejudice or discrimination (local and national sources of help) 	<ul style="list-style-type: none"> • Able to take responsibility for my life, and believe that I can influence what happens to me • Can discuss and set goals and challenges for myself • Can break a long-term goal into small, achievable steps • Can monitor and evaluate my own performance • Reflect on any barriers to achieving a goal and identify how I am going to overcome them • Recognise when I should feel pleased with, and proud of, myself and can accept praise from others • Make wise choices where I look to long-term rather than short-term benefits and can delay gratification • Have a range of strategies 	<ul style="list-style-type: none"> • Can identify what makes me feel good and know how to enjoy myself in ways that are not damaging to myself and others • Understand that the way I think affects the way I feel, and that the way I feel can affect the way I think • Appreciate that how I express my feelings can have a significant impact both on other people and on what happens to me • Can reflect on how my thoughts and feelings influence my behaviour • Believe that I can influence what happens to me and make responsible choices • Recognise that decisions about my health depend on my having access to accurate information 	<ul style="list-style-type: none"> • Can describe the range of positive qualities people bring to relationships • Understand that the way I think affects the way I feel, and that the way I feel can affect the way I think, and know that my thoughts and feelings influence my behaviour • Achieve an appropriate level of independence from others, where I follow my own course whilst maintaining positive relationships with others • Reflect on how my emotions and feelings can change regularly and how others can all feel the same range of emotions • Understand that people do not always respond in the same way to similar situations, and they may express their feelings in different ways 	<ul style="list-style-type: none"> • Express how I feel about the changes that happen during puberty • Be confident with my own self-image • Use my experiences, including mistakes and setbacks, to make appropriate changes to my plans and behaviour • Have some strategies for self-regulation • Use coping strategies to support myself and others during changing circumstances • Be able to give support to others who are experiencing personal problems • Prepare myself emotionally for the next school year

	people to treat me	<ul style="list-style-type: none"> I treat others as they wish to be treated 	for helping me to feel and remain optimistic, approaching new tasks in a positive frame of mind		<ul style="list-style-type: none"> Recognise authenticity in relationships Understand that a 'win-win' situation can be the best outcome for all Be assertive when appropriate Understand my rights and responsibilities as an individual who belongs to many different social groups. Understand the feelings associated with my role in my family
